

# UEFI Summer SUMMIT

REDMOND, WA JULY 16-20, 2012

Hosted By **Microsoft**<sup>®</sup>

### **Location:**

The event will be held on the Microsoft Redmond campus in Building 20 on 157th Avenue NE, just north of 36th Street in Redmond, WA, USA.

### **Site Accommodations:**

Each attending company will have an assigned, lockable office where they can hold meetings and do private testing. There will also be an open room with tables available for companies to do demonstrations and open testing. There will be a general meeting room where several presentations will be made and a training room where training labs will be held during the event (see the schedule below). Networking and two PCs/monitors are available in each private testing room.

### **Before you arrive:**

Those with hardware/firmware to test should have run the UEFI SCT 2.3.1 prior to arrival. Some new tests beyond 2.3.1 may be available at the event.

## **Shipping Information:**

**Deliveries should be scheduled to arrive at MS Receiving at least two (2) business days prior to the first day of the event. The address below must be specified in order to assure delivery. Do not list an individual contact.**

Microsoft Corp., Attn: OASIS, Inc. , UEFI Plugfest B-20  
4330 150th Avenue NE, Redmond (Building 124)

OASIS will pick up the equipment the day prior to the event and transport to B-20. OASIS will return on the last day of the event, to collect the equipment and deliver to MS Shipping for freight out.

**At the end of the event, each company must schedule their own shipment and pickup at this location with your choice of shipping vendor.**

## **Hotels:**

The following is a list of area hotels in roughly ordered by their distance from the event.
